

# MILLOM SCHOOL

Headteacher: Mr M D Savidge

Ref:G/mlmad/DOL/SetLtr18

16 July 2018

Dear Parent/Carer(s)

As happened last year your child will receive setting information when they receive their timetable in September. As the timetable varies from year to year the subjects that are set together also changes.

From September 2018, students in **Year 8** will be taught in the same set for English, Geography, History, Maths & Science. All other subjects will be taught in what is essentially mixed ability groupings.

**Year 9** students will be in the same set for English, Geography, History, and Languages and will be in the same set for Maths, Science and IT. All other subjects will be taught in what is essentially mixed ability groupings.

**Year 10** students will be set separately for Maths, Science and English and will be taught in mixed ability groupings for all other subjects.

**Year 11** students will be in the same sets for Maths & English and will be set separately in Science. All other subjects will be taught in mixed ability groups.

Setting decisions take into account the prior attainment of the students as well as their progress and attainment over the course of 2017-18. If, in September, you have any questions regarding setting decisions please feel free to contact your child's Director of Learning and Standards in the first instance.

Yours faithfully

M D Savidge  
Headteacher
