I have read the description and price list for the activities and checked the year groups invited for each activity. I understand that the activities may change depending upon student numbers and voluntary contributions. I support the choices my son / daughter has made but understand that places on trips depend on behaviour, attitude to learning and attendance. I understand that I am not sending money with this form and will wait for written confirmation of my son/daughter's activity choices. I understand that I must pay outstanding debts to the school before payments for activities can be accepted.
