

Millom School

Enrichment

Enrichment is something that the whole Millom School community gets involved in on a Wednesday afternoon.

Students are off timetable for lessons 5 & 6, spending time in an enrichment activity that they have selected.

Over the course of the year, you will participate in up to 6 activities across the 4 categories; Sport, Cultural, Creative and Employability.

Enrichment activities are mixed year groups.

Year 12 & 13

All year 12 students will take part in a full year of enrichment - completing the 6 blocks across the year.

Year 13 students will participate in only blocks 1 and 2. After this year 13 can utilise the time for extra revision and time to dedicate to coursework.

Sixth form students will receive priority for the activities they select. Activities will be selected in September, at the start of the new term.

Why its important?

Development of new or exsisting skills

Perfect for those post 18 and beyond applications

Qualifications

Employers & universities love different qualifications

Interests

Greater range to add to your applications
